- e. This ABAC Policy constitutes a minimum standard that must be complied with in all countries of the Company's business and operations. These minimum standards are applicable to the Company even when this ABAC Policy is stricter than the anti-bribery and anti-corruption laws that are applicable in any country - including both applicable local laws and laws with extra-territorial application. However, when the applicable anti-bribery and anti-corruption laws are stricter than this ABAC Policy, such laws must be complied with.
- f. The guidelines in this ABAC Policy should be read in conjunction with:
 - i. Tata Code of Conduct;
 - ii. The Whistle-blower Policy;
 - iii. Gifts and Hospitality Policy,
 - iv. Any guidance published pursuant to this ABAC Policy;
 - v. Any other relevant policies as may be implemented from time to time.

IV. DEFINITIONS

- a. ***Bribery***

Bribery includes the offer, promise, giving, demand or acceptance of an undue advantage as an inducement for an action which is illegal, unethical or a breach of trust. Bribes often involve payments (or promises of payments) but may also include anything of value - providing inappropriate gifts, hospitality and entertainment, inside information, or sexual or other favours; offering employment to a relative; underwriting travel expenses; abuse of function; or other significant favours. Bribery includes advantages provided directly, as well as indirectly through an intermediary. Bribery also includes any attempt to do any of the foregoing.
- b. ***Corruption***

Corruption includes wrongdoing on the part of an authority, or those in power, through means that are illegitimate, immoral, or incompatible with ethical standards. It is usually designed to obtain financial benefits or other personal gain. For example, bribes offered or promised in the form of money, a privilege, an object of value, an advantage to exert improper influence on decisions of an individual in his official capacity.
- c. ***Gift, Hospitality and Entertainment***

A gift is anything of value and would encompass any gratuitous monetary or non-monetary benefit. It includes tangible items such as cash, precious metals and stones, jewellery, art, and any of their equivalents, and intangible items such as discounts, services, loans, favours, special privileges, advantages, benefits and rights that are not available to the general public.

Hospitality generally includes refreshments, meals, travel and accommodation. Entertainment generally includes vacation, trips, use of recreational facilities, ticket or pass for plays/concerts/sports events. Hospitality and entertainment may also qualify as a gift unless they fall within reasonable bounds of value and occurrence.
- d. ***Public Official / Foreign Public Official***

A "Public Official" would include the following:

 - i. any person holding a legislative, executive or administrative office of the government, or acting in the official capacity for or on behalf of a legislative, executive, or

- administrative office of the government, whether appointed or elected, whether permanent or temporary, whether paid or unpaid;
- ii. any person in the service or pay of the government or of a corporation established by or under a central, provincial or state statute, or an authority or a body owned or controlled or aided by the government or a government company or is remunerated by the government by fees or commission for the performance of any public duty;
- iii. any judge, including any person empowered by law to discharge, whether by himself/herself or as a member of any body of persons, any adjudicatory functions;
- iv. any person authorised by a court of justice to perform any duty, in connection with the administration of justice, including a liquidator, receiver or commissioner;
- v. any person who performs a public duty, including for a public agency or public enterprise, or provides a public service, as defined in the domestic law of the country and as applied in the pertinent area of law;
- vi. any elected or appointed officers or employees of public international or multilateral organizations, such as the United Nations; and
- vii. any other person who is considered as public official according to applicable laws and regulations.

A “**Foreign Public Official**” broadly includes the “Public Officials” mentioned above who are not under the domestic jurisdiction (country of operation of the Company). The definition of “Foreign Public Official” is subject to the definition prevalent in local regulation applicable.

e. ***Facilitation payment or kickbacks***

“Facilitation Payments” are unofficial payments made to Public Officials in order to secure or expedite the performance/ non-performance of a routine or necessary action. They are sometimes referred to as 'speed' money or 'grease' payments or 'good-will money'. The payer of the facilitation payment usually already has a legal or other entitlement to the relevant action. “Kickbacks” are typically payments made in return for a business favour or advantage.

f. ***Third party***

The term “third party” includes any individual or organization, who/which comes into contact with the Company or transacts with the Company, and also includes actual and potential clients, vendors, consultants, retainers, agents, advisors, distributors, business associates, partners (including academic institutions), contractors, suppliers or service providers who work for and on behalf of the Company.

g. ***Relevant Regulations***

Company upholds all laws relevant to countering bribery and corruption as applicable for the conduct of its business across all the jurisdictions in which it operates including India (Prevention of Corruption (Amendment) Act 2018), the United Kingdom (UK Bribery Act, 2010), and the United States of America (Foreign Corrupt Practices Act, 1977). Different statutes adopt different yardsticks to determine whether a particular act or omission is an offence thereunder. The list and key aspects of “Relevant Regulations” are provided in Annexure A.

V. GENERAL PRINCIPLES

a. **Risk Assessment**

- i. Bribery and corruption risks may vary due to various factors therefore, a risk-based approach shall be taken to build required safeguards.

- ii. A risk assessment shall be conducted to identify risk profile of the Company related to bribery and corruption. This shall include review of external factors (like industry, geographic footprint, regulatory landscape, etc.) and internal factors (like policies, procedures, training program, analysis of data etc).
 - iii. Based on the risk profile identified necessary steps for its mitigation shall be taken. The risk assessment process shall be undertaken once every three years or earlier in case of a major change in factors impacting the risk e.g. nature of business, new regulation, etc.
- b. **Gifts, Entertainment and Hospitality**
- i. Gifts, entertainment, and hospitality may be acceptable if they are reasonable, made in good faith and in compliance with the Company's policies inclusive of the TCOC, Company's Gifts & Hospitality Policy, and various advisories issued from time to time under the foregoing.
 - ii. No Tata Consumer Products Personnel should accept or solicit any personal benefit from anyone in the course of Company's business or employment in a manner that might compromise or appear to compromise their objective assessment relating to such business or employment.
 - iii. Tata Consumer Products Personnel are prohibited from offering gifts or granting favours outside the ordinary course of business to current or prospective customers, their employees or agents or any person (including but not limited to Public Officials) with whom the Company or its business associates have a contractual relationship or intend to negotiate an agreement.
- c. **Facilitation Payments or Kickbacks**
- i. Any Facilitation Payments and kickbacks are inappropriate payments, and any such payment during the course of Company's business or employment is strictly forbidden.
- d. **Interaction with Customers**
- i. Where a Tata Consumer Products Personnel is responsible for relationships with customers, she/he may entertain customers for bona-fide purposes only in accordance with Company's Gifts & Hospitality Policy. Records of such entertainment should be maintained as per the Gifts & Hospitality Policy.
 - ii. In the normal course of business, discounts and rebates are offered to customers in both the private and public sectors. While this is common industry practice, the wide variety of arrangements and the relative complexity of some of them creates a degree of risk that such arrangements could be used to disguise improper inducements to individual customer representatives (for example, selective dissemination of the fact that free products are being provided), and consequently great care needs to be exercised in the deployment of such arrangements.
- e. **Use of Third Party Agents, Consultants and other Intermediaries**
- i. Our Company may be held responsible for bribes paid on its behalf by third parties, with severe and often irreparable consequences, even if our Company did not authorize these payments. Therefore, it is critical that we are careful in the selection of third parties.

- ii. All dealings with third parties shall be carried out with the highest standards of integrity and in compliance with all relevant and applicable laws and regulations. Tata Consumer Products Personnel must follow our Company's processes and adhere to the system of internal controls. Third party selection should never be based on receipt or expectation of a gift, hospitality, payment or favour of any kind or manner.
 - iii. The following should be kept in mind prior to engaging a third party:
 - Appropriate due diligence is conducted and properly documented.
 - Appropriate anti-bribery and anti-corruption provisions in addition to TCOC and relevant policies are incorporated in the contracts, including the right to audit, as well as a clause on termination, if the partner/party fails to abide by the anti-bribery and anti-corruption terms.
 - Formal written commitment is sought from the third party to ensure compliance to these standards.
 - iv. Due diligence process shall be based on the level of risk to which the Company is exposed to, due to contracting with the third party. For example, third parties interacting with government officials on behalf of the Company shall generally be classified as 'high risk' of bribery and corruption.
 - For high risk third parties, a detailed due diligence process shall be carried out on the promoters/key managerial personnel and the entity involved. This shall include searches in various compliance databases and media records, site visits, market research, analysis of financials, etc. The due diligence process shall be followed at the time of on boarding as well as at periodic intervals (at least once in two years) or at the time of renewal of contracts / purchase orders, as applicable.
 - The due diligence process for low-risk vendors could be limited to searches in various compliance databases, media records, etc. The due diligence process shall be carried out at least once in three years or at the time of renewal of contracts / purchase orders, as applicable.
- f. **Government Interaction**
- i. Doing business with the government is highly regulated and typically follows stricter rules than those in the commercial marketplace. If you work with government officials or a government-owned (or partially owned) company, you have a special duty to know and comply with applicable laws and regulations, adhere to the highest standards of integrity and avoid even the appearance of impropriety. Our Company may interact with the government, government officials and government agencies in multiple forms, such as: for seeking statutory or regulatory approvals, as a supplier, as a customer, etc. Tata Consumer Products Personnel should always be truthful, accurate, co-operative and courteous while representing our Company before any government, government officials and government agencies.
- g. **Political, Community or Charitable Contributions and Sponsorships**
- i. Section I, Clause 1 of TCOC 2015 states: "We shall act in accordance with the constitution and governance systems of the countries in which we operate. We do not seek to influence the outcome of public elections, nor to undermine or alter any system of government. We do not support any specific political party or candidate for political office. Our conduct must preclude any activity that could be interpreted as mutual dependence / favour with any political body or person, and we do not offer or give any company funds or property or other resources as donations to any specific political party, candidate or campaign."

- ii. Any financial contributions considered by our Board of Directors in order to strengthen the democratic system of governance through a clean electoral process shall be extended only through the Progressive Electoral Trust in India, or by a similar transparent, duly authorised, non-discriminatory and non-discretionary vehicle outside India.
- iii. Tata Consumer Products Personnel are not allowed to make political contributions from the funds, properties or other resources of our Company except political contributions approved by the Board in accordance with the TCOC and in compliance with applicable law.
- iv. Our Company may make charitable donations for humanitarian needs and other factors, including emergency situations and disaster relief. Such contributions must be made in compliance with our Company's Corporate Social Responsibility Policy ("**CSR Policy**"). However, it is important that we exercise reasonable caution when making donations, such that the donations made shall be without any demand or expectation, so as to ensure that our donations would not be considered inducements in any form or manner. Thus, contributions by the Company to community projects or charities need to be made in good faith and in compliance with our TCOC, this ABAC Policy and all other relevant policies and procedures, as updated from time to time.
- v. Before making such a contribution, the Tata Consumer Products Personnel should ensure that:
 - Such charitable contributions are not dependent on, nor made to secure, a business deal.
 - The contribution is always made to the charity and not to any particular individual, except where donations or grants are provided directly to affected victims of natural disasters, pursuant to our Company's CSR policy.
 - Contributions should be given to entities where the end use of the contribution is known and/or controlled.
 - Contributions should only be made to charitable organisations which are registered under the applicable laws of the country.
 - As far as possible, background checks on the charitable organisations should be carried out in all cases, especially to ensure that the charity does not act as a conduit to fund illegal activities in violation of anti-money laundering laws, anti-terrorism laws and other applicable laws.
 - Only such charitable contributions shall be made that are legal and ethical under the local laws and practices.
- vi. Sponsorships are closely allied to the various types of community / business activities undertaken by our Company. These could range from sponsoring educational scholarships to local sports teams. Any sponsorship must be for genuine business or charitable objectives without any element of quid pro quo. Any such sponsorship must be transparent, duly approved, properly documented and duly reported as per our Company's CSR or any other applicable policy.
- h. **Mergers and Acquisitions, Joint Ventures, Partnerships**
 - i. Our Company will undertake appropriate and reasonable due diligence regarding compliance with anti-bribery and anti-corruption procedures, and on the reputation and integrity of any business in which it makes investments.
 - ii. Our Company, when it is acquiring a potential target or entering into a joint venture or partnership or similar business arrangement, will extend the Tata Code of Conduct

and relevant policies to such business units, train employees of such business units, re-evaluate third parties under company standards and where appropriate, conduct audits on such business units.

ANNEXURE A - RELEVANT REGULATIONS

The United States Foreign Corrupt Practices Act (FCPA), the U.K. Bribery Act (UKBA), the Prevention of Corruption Act, 1988 (PC Act) and many other Anti-Bribery and Corruption (ABAC) laws and regulations around the world make it clear that bribery and corruption is prohibited and illegal. Violation of these regulations lead to fines, penalties, reputational damage, and in some cases criminal liability. The key provisions of these regulations have been summarised below. For more information on these regulations and prevalent regulation in the geography of operations, it is advisable to refer to the relevant government websites or seek guidance from legal experts.

I. Foreign Corrupt Practices Act (FCPA)

The FCPA was enacted in the United States in 1977 and contains anti-bribery and accounting provisions. The anti-bribery provisions prohibit United States persons and businesses (domestic concerns), United States and foreign public companies listed on stock exchanges in the United States or that are required to file periodic reports with the Securities and Exchange Commission (issuers), and certain foreign persons and businesses acting while in the territory of the United States (territorial jurisdiction) from making corrupt payments to foreign officials to obtain or retain business.

The accounting provisions require issuers to make and keep accurate books and records and to devise and maintain an adequate system of internal accounting controls. The accounting provisions also prohibit individuals and businesses from knowingly falsifying books and records or knowingly circumventing or failing to implement a system of internal controls. The Department of Justice (DOJ) and the Securities and Exchange Commission (SEC) are FCPA enforcement authorities. The FCPA provides for different criminal and civil penalties for companies and individuals in case of violations.

General principles of corporate liability apply to the FCPA. Thus, a company is liable when its directors, officers, employees, or agents, acting within the scope of their employment, commit FCPA violations intended, at least in part, to benefit the company. Similarly, just as with any other statute, DOJ and SEC look to principles of parent-subsidiary and successor liability in evaluating corporate liability. Although the FCPA's accounting provisions are directed at "issuers," an issuer's books and records include those of its consolidated subsidiaries and affiliates. An issuer's responsibility thus extends to ensuring that subsidiaries or affiliates under its control, including foreign subsidiaries and joint ventures, comply with the accounting provisions.

II. U.K. Bribery Act (UKBA)

The Bribery Act 2010 of United Kingdom (UK) came into force on 1 July 2011. The Act contains two general offences covering the offering, promising or giving of a bribe (active bribery) and the requesting, agreeing to receive or accepting of a bribe (passive bribery). It also sets out two further offences which specifically address commercial bribery. Section 6 of the Act creates an offence relating to bribery of a foreign public official in order to obtain or retain business or an advantage in the conduct of business, and section 7 creates a new form of corporate liability for failing to prevent bribery on behalf of a commercial organisation.

Section 12 of the Act provides that the courts will have jurisdiction over the offences committed in the UK, but they will also have jurisdiction over offences committed outside the UK where the person committing them has a close connection with the UK by virtue of being a British national or ordinarily resident in the UK, a body incorporated in the UK or a Scottish partnership. A commercial organisation found guilty of an offence may be levied fine. An individual found guilty of an offence may face imprisonment of up to 10 years or a fine, or both.

III. Prevention of Corruption Act, 1988 (PC Act), India

The Prevention of Corruption Act, 1988 (PC Act) was enacted to prevent corruption in government departments and to prosecute and punish public servants involved in corrupt practices. An amendment was enacted (Amendment Act) and brought into force on 26 July 2018.

The Amendment Act provides that any public servant who obtains or accepts or attempts to obtain from any person, any 'undue advantage', either for himself or for any other person, with the intent to perform or cause performance of public duty improperly or dishonestly or to forbear or cause forbearance to perform such duty, shall be punishable with imprisonment for a minimum term of 3 (three) years and maximum of 7 (seven) years and shall also be liable to fine. The Amendment Act has defined 'undue advantage' to mean any gratification (not limited to pecuniary gratifications or to gratifications estimable in money), other than legal remuneration.

As per the Amendment Act, giving an undue advantage by a person to a public servant is considered an offence punishable with imprisonment upto 7 (seven) years or fine, or both. However, if a person is forced / coerced to give an undue advantage but reports the same to the concerned authority within 7 (seven) days of doing so, he shall not be liable for the same.

The Amendment Act prescribes the offence relating to bribing a public servant by a commercial organisation, wherein a commercial organisation has been defined to include not just a body or partnership incorporated and carrying on business in India, but also a body or partnership incorporated or formed outside India but carrying on business in India. The Amendment Act has a specific provision for offences committed by commercial organisations and persons associated with it. It provides that if a commercial organisation commits any of the offences listed out in the PC Act, then every director, manager, secretary or other officer with whose 'consent or connivance' the offence was committed, is to be made liable as specified under the PCA.

ANNEXURE B - RED FLAG INDICATORS

While an exhaustive list cannot be provided, set out below are indicative questionable transactions or situations that Tata Consumer Products Personnel should be careful about – which, when appearing together or individually, should raise a 'Red Flag' to the Reporting Manager or the Compliance Officer:

- i) A contract requires the use of a third party consultant where the third party's principal or owner is a government official;
- ii) The business lacks qualifications or resources i.e. the potential business partner does not appear capable of performing the services being offered. Sham service contracts, under which corrupt payments are disguised using a consulting agreement or other arrangement are typical modalities for indulging in bribery or corrupt activities;
- iii) Any potential partner who provides guarantees of success or claims to have the ability to obtain licenses or other government approval without providing a description of a legitimate manner by which those goals will be accomplished;
- iv) Transactions involving unusual payment patterns or financial arrangements. Accordingly, a request to pay unusually high commissions is a warning sign of possible corruption. A request to deposit commissions in multiple bank accounts, perhaps in offshore banks, also justifies additional scrutiny;
- v) A potential third party who refuses to accept an ABAC or anti money laundering clause in the proposed contract;
- vi) Based on pre-acquisition due diligence, it becomes apparent that the potential counterparty has a reputation for offering bribes or violating other laws or indulging in unusually structured transactions;
- vii) Inflated payouts to, or questionable role in the project of potential counterparty or its affiliate;
- viii) A proposed third party resists or fails to provide details of parentage or has undisclosed principals, associates or subcontractors with whom it splits fees;
- ix) A third party counterparty refuses access to its books and records where requested under the proposed contract.
- x) A Public Official suggests, requests, urges, insists, or demands that a particular third party, company, or individual be selected or engaged, particularly if the official has discretionary authority over the business at issue.
- xi) The third party insists on dealing with government officials without the participation of the Company.
- xii) The fee, commission, or volume discount provided to the third party is unusually high compared to the market rate.
- xiii) Third party has a reputation for paying bribes, or requiring that bribes be paid to them, or has a reputation for having a "special relationship" with government officials.
